

At City Building, where we are “Building a Sustainable Future”, we are committed to delivering a consistently high quality of service to our customers.

This Charter explains what we mean by this.

At City Building we believe in listening to our customers – we record and analyse the comments our customers make to us. We recognise from this feedback what our customers want and what they expect from our employees. The standards below reflect what our customers say they want. You can expect our employees to keep to them.
