Our Values

City Building is committed to "Building a Sustainable Future" for our clients, partners, and employees.

We have sustainability at the heart of our business, ensuring we boost productivity, diversify into new markets and whilst doing so benefit the local communities in which we live and work.

At the heart of our plans, we promote fairness, equality, opportunity, and innovation to bring greater economic success alongside sustainable inclusive growth.

Our mission is to contribute excellence in construction, repairs, maintenance, manufacturing and training to customers, our employees, suppliers, and local communities in which we work.

Our unique social ethos will continue to underpin everything we do and will drive the creation of training and employment opportunities for a diverse range of people, including minority and other under-represented groups across Glasgow and beyond.

We will continue to contribute to build a better society by using sustainable socially inclusive practices, and delivering effective, accountable products and services which offer value for money and enhance the quality of life, safety and wellbeing of our stakeholders.

Our Values, which are embraced by all employees are:

Excellence	to deliver quality in everything we do.
Honesty	to promote at all times, honesty in our communications with all stakeholders promoting partnerships and sustainability.
Ambition	to do more for our clients and partners and provide more opportunities for our employees and stakeholders as part of our change and growth strategies, succession planning and sustainability.
Trust	to be trusted by our employees, clients, and partners.
Community	to build more sustainable communities through social, economic and community engagement.

Charity Contributions

Through our charity work we seek to build a sustainable future where we work with communities throughout the year. Our workforce engages and works with various charities alongside our corporate fundraising with our supply chain.

This has been reduced in the past 18 months due to the Covid-19 pandemic but as restrictions have altered our activities have included:

Detail	Contribution
Emmie Smillie Charity Foundation	Corporate fundraising donating of £2,000.
Glasgow Children's Hospital Charity Three Peaks	Employee led fundraising donating £11,697.
Glasgow Children's Hospital Charity	Corporate donation supported by our supply chain of £10,000
Hampden School, Glasgow	Corporate donation £450.
Lord Provost of Glasgow Appeal for Easter Eggs	Corporate fundraising donation supported by our supply chain £10,000.
Marie Curie Hospice	Corporate donation supported by our supply chain of works and goods to the value of £6000.
Scottish Association of Mental Health (SAMH)	Corporate fundraising donation of £10,000.
St. Andrew's Hospice	Corporate donation £800.

Community Engagement / Projects

Our continued ambition in building a sustainable future is to do more for our clients, customers and partners and provide more opportunities for our employees and stakeholders, as part of our change and growth strategies, succession planning and sustainability.
