Royal Strathclyde Blindcraft Industries (RSBi) is one of the country's leading examples of social enterprise, successfully combining commercial success with socially responsible practices. As a supported business based in Glasgow, it specialises in designing and manufacturing bespoke furniture and products for building interiors and exteriors for public, private and third sector organisations.

From its roots as a supported factory for the visually impaired, RSBi – the manufacturing division of City Building LLP - is today committed to providing employment opportunities for people with disabilities, as well as helping towards the economic regeneration of the local community and beyond.

We operate from a 120,000 sq ft state of the art purpose built factory located in Springburn, Glasgow. The facility is well equipped with the latest automated machinery combined with a highly skilled flexible workforce operating to BS EN ISO 9001 quality assurance management system. RSBi manufactures a wide range of products and services including:
