

Role Profile

Role Details				
Role Title	Gas Engineer (4 on 4 off)	Section	Gas Section	
Division	Repairs and Maintenance	Report To	Gas Service Delivery Manager	
Grade/Salary	£47,923	Date Completed	22 August 2025	

Company Overview

City Building provides a range of repairs and maintenance, manufacturing, construction and refurbishment activities for Glasgow City Council and Wheatley Housing Group's citizens and customers as well as other public, private and third sector organisations.

City Building operates both the largest construction craft apprenticeship programme in Scotland, and Royal Strathclyde Blindcraft Industries (RSBi), one of the largest supported manufacturing businesses in Europe, around 200 people, more than 50% of whom have a disability.

Our accreditations include, ISO45001, ISO 14001 and ISO 9001:2015. We are current recipients of a Queen's Award for Enterprise Promoting Opportunity and Investors in Young People Platinum award. Both these accolades recognise our focus on investing in and growing a skilled staff base.

Our Values

Excellence: to deliver quality in everything we do.

Honesty: to be open, honest and transparent with all

stakeholders, promoting partnerships and

sustainability.

Trust: to be trusted by our employees, clients and partners.

Inclusion: we are a welcoming, diverse and supportive organisation,

that supports all to reach their full potential by building trust.

Community: to play an important role in the communities of Glasgow we

serve. Providing first class services together with jobs and

training opportunities for local people.

Ambition: to build a culture of excellence, through continuous improvement to

deliver outstanding services for all of our customers. All whilst being an employer of choice within the city providing high quality and skilled jobs

Our Vision

Our residents, customers and partners will recognise us as delivering outstanding levels of customer focus, quality and value. We will play a key role in supporting our members to address our common priorities through our unwavering focus on resident/customer resident satisfaction, resident/customer value and resident/customer trust. In doing so we will be recognised by our residents, customers and partners as playing a significant role in making Glasgow a great place to live.

Role Summary

The Gas Engineer (4 on 4 off) is a valued member of the Repairs and Maintenance Division.

You will be employed within our modernised Responsive and Emergency Repairs Service to work on a 4 on 4 off working pattern.

This role involves attending both emergency and diary appointments and taking repairs to completion, utilising handheld technology, controlling material stock in vehicle to allow "get it right first" approach and demonstrating excellent customer service to a variety of clients.

You will be required to operate across the Glasgow and Central belt areas. You will be expected to undertake breakdowns, and reactive repairs, servicing, and landlords gas safety checks, and heating systems installation works when required.

You will be expected to have a proactive focus on achieving our regulatory timescales, ensuring the needs and safety of our customers is always the paramount considerations of our service provision.

You must be fully conversant with up-to-date issues relating to the gas industry. A flexible approach is expected in order to ensure a high-quality service. You will be required to use our mobile handheld technology systems daily flexibility will be required as hours may vary to suit the needs of the business and would be advised to you in advance.

You must ensure that the works you carry out are conducted safely, and you deliver exceptional customer service for our clients at all times, including care for the property and your area of work.

You will be expected to have a "get it right first" approach to works, you will be expected to conduct all works to the highest standards of safety, and quality.

You will carry out all aspects of these works in line with the current building standards, ensuring compliance with all health and safety legislation, and all relevant City Building policies.

You will be responsible for ensuring that all materials, plant, and tools necessary to complete jobs are available, and that stocks are replenished and are controlled. You will be expected to ensure your material stock inventory is up to date at all times.

At the date of preparation this role profile provides a comprehensive overview of the position. It is not an exhaustive list of all possible duties, and it is recognised that this role may evolve over time. Consequently, this is not a contractual document, and the post holder will be required to perform any other duties to the equivalent level that are necessary to fulfil the purpose of the job.
